PROFILE

Translation professional with nearly three years of experience in the fields of technology, marketing, and education. Multilingual in Hindi and English, with Gujarati as the native language. Proficient in various aspects of text such as editing, proofreading, localization, and translation in diverse settings, including academic and industry contexts.

WORK EXPERIENCE

Gujarati Linguist

Magnon Sancus

Oct 2022 - Present

- Worked on content ranging across topics like Creative, UI, Help, Legal, and Marketing for various Google products (Ex. YouTube, GPay, Maps, Ads etc.)
- LQA testing has been conducted on the live Gujarati version of Google Docs to identify any inconsistencies between the live UI, glossary, and translation memory. The necessary suggested changes are being provided accordingly.
- Translate, review, and proofread several types of content: UI application strings for mobile apps, Website content, FAQs and Help center content, Canned responses for customer support representatives, user research content, surveys, social media posts, videos, and potentially some non-technical legal content
- LQA / Live testing
- Perform LQA (Localization QA) testing of the application UI strings as well as thoroughly QA any content published on website (FAQs, Blog posts) or other channels.

Gujarati Translator

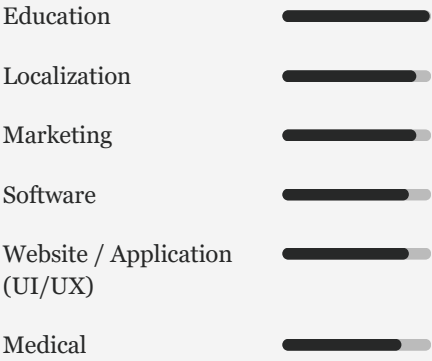

Testbook

Dec 2022 - Present

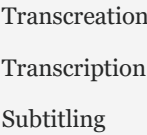

- Translated English question and answer content related to competitive exams into accurate and idiomatic Gujarati, ensuring that the translated content was relevant and appropriate for the target audience.
- Edited and proofread translations to ensure accuracy and consistency, maintaining high standards of quality and attention to detail.
- Developed and maintained a strong understanding of the language, cultural nuances, and exam-related terminology to ensure that translations were accurate and consistent across multiple projects.
- Successfully managed tight deadlines while maintaining high quality standards, collaborating with the team and adapting to the unique challenges of translating educational content for the edtech industry.
